A big thing we've seen a lot of over the past year or so, has been timing chain problems on the Chevy Traverse, Saturn Outlook, GMC Acadia, and Buick Enclave. All of these SUV's have the 3.6 liter V6 engine with dual overhead cams. What is happening on these vehicles is that the timing chains are stretching which leads to correlation errors with the cam sensors and actuators.

Chevy Traverse And GMC Acadia Timing Chain Problems-Pictures

Chevy Silverado Engine Ticking Noise I've heard many complaints from customers, in person and online, about a ticking-type noise coming from the engine on their Chevrolet Silverado . Usually at start-up it is loudest, and this may even cause a misfire condition on a particular cylinder.

Chevy Silverado Engine Ticking Noise

The Chevrolet Cobalt is a compact car introduced by Chevrolet in 2004 for the 2005 model year. The Cobalt replaced both the Cavalier and the Toyota-based Geo/Chevrolet Prizm as Chevrolet's compact car. The Cobalt was available as both a coupe and sedan, as well as a sport compact version dubbed the Cobalt SS. Like the Chevrolet HHR and the Saturn ION, it was based on the GM Delta platform.

Chevrolet Cobalt - Wikipedia

General Motors introduced a line of Diesel V8 engines for their C/K pickup trucks in 1982. This engine family was produced by GM through 2000, when it was replaced by the new Duramax line. AM General's subsidiary General Engine Products (GEP) still produces a military variant of this engine for the HMMWV.. The General Motors light-truck 6.2 and 6.5 L Diesel engines were optional in all 1982 ...
