2005 Audi A4 Position Sensor

As I have bought another vehicle and need to sell this one, I took it back yesterday to the ex-Audi tech who changed the chain and tensioner on driver upper side, and he swapped out my camshaft position sensor with 1 from same 3.2L audi engine (used) he had on floor, and it seems better since yesterday- 10 drives and no light where usually ...

7 Symptoms of a Bad Camshaft Position Sensor (and ...

This article applies to the Audi A3, A4 B7/B8, A6 C5/C6, Q5/Q7. There are a number of reasons why a warning light might appear on the dashboard of your Audi. The most likely reason, however, is that a component is malfunctioning or is in need of additional fluid or a new filter.

Audi: Warning Lights - AudiWorld

The top-of-the-line system from Audi puts the brand in the pole position when it comes to multimedia. The MMI navigation plus is available for the large models, but is also available in a very similar form for the compact A1 (Combined fuel consumption in l/100 km: 7.1 - 3.8; Combined CO₂ -emissions in g/km: 162 - 99)**.
