Sonnet 130: 'My mistress' eyes are nothing like the sun' My mistress' eyes are nothing like the sun; Coral is far more red than her lips' red; If snow be white, why then her breasts are dun; If hairs be wires, black wires grow on her head. I have seen roses damask'd, red and white, But no such roses see I in her cheeks; And in some perfumes is there more delight Than in the breath that from my ...

A shadow is a dark area where light from a light source is blocked by an opaque object. It occupies all of the three-dimensional volume behind an object with light in front of it. The cross section of a shadow is a two-dimensional silhouette, or a reverse projection of the object blocking the light.

The deadly and bittersweet nightshades are attractive and interesting plants, but they need to be treated with a great deal of respect. I often see the bittersweet nightshade during my walks and always admire its pretty flowers and berries. I enjoy observing and photographing the plant, but I keep its potential dangers in mind.
