Review: Memory: from Mind to Molecules by Squire, Lattry R. and Kandel. Eric R Behold, another great book about neuroscience. This, however, is probably a textbook for students of brain science and requires much more effort than two others I have recently read, Consciousness and the Brain by Stanislas Dehaene, and The Rough Guide to the Brain by Barry J. Gibb. Inasmuch as I am semi-literate in ...

#### Memory: From Mind to Molecules | Center for Academic ...

Studying memory is to Biology what studying particle collisions is to Physics: the path to the Holly Grail. For Physicists it is the formulation of the Unified Field Theory; for us Neuroscientists is the the comprehension of Consciousness. And to anyone even remotely involved with Neuroscience the names Eric Kandel and Larry Squire are legendary.

#### Memory: From Mind to Molecules by Larry R. Squire, Eric R ...

Larry Ryan Squire (born May 4, 1941) is a professor of psychiatry, neurosciences, and psychology at the University of California, San Diego, and a Senior Research Career Scientist at the Veterans Affairs Medical Center, San Diego.He is a leading investigator of the neurological bases of memory, which he studies using animal models and human patients with memory impairment
