A 120% performance versus the quota equates to an additional 20% accelerator ($20\% \times 1.0 = 20\%$). The accelerator is added to the straight line 120% base commission for a total payment of 140% of plan ($20\% + 120\% = 140\%$). Although it's not super complicated, it is definitely more involved than the simple modified straight line approach. One ...

Two Variants of the Straight Line Sales Commission Plan ...

The consumer path to purchase is not a straight line. Orchestrating multiple devices and platforms to work in concert is more important than ever. By putting the customer, not your product, in the front seat and harmonizing brand messaging with omnichannel marketing, businesses can influence buying behavior and better align budgets for a perfect composition.

You've got responsibility for producing impressive results—yet zero positional power and minimal authority. That's the struggle of dotted line leadership, isn't it? Dotted line reporting has become common these days—but it often gets a bad rap because of its bureaucratic twist. Nonetheless, when you're managing across the line, you don't need a pity party. YouRead more
